Language: HTML, CSS, & JS

Certifications: Adobe Photoshop (2022),
Adobe Illustrator (2023), Adobe Premier Pro (2023)

My Portfolio:

- 1) My entire website is a multi-page responsive portfolio site. It consists of Home, About, Portfolio, and Contact section.
- 2) To-do List App - Manages daily tasks with add and delete functionality.
- 3) Rock Paper and Scissors Game - Interactive browser game with JS logic and computer V/S player mode.
- 4) Instagram Mock Layout - A redesigned mock layout of Instagram with clickable stories
- 5) Weather App & Calculator - Displays cities' weather data using API integration. Showcases interactivity and simple math
- 6) Memory Game - Interactive memory card game with JS logic where players can match cards.
- 7) Ink Game - An interactive story-based game built with ink, and styled with HTML and CSS.
- 8) Book store site - An interactive book store website where users can add and checkout books.
- 9) Music Player - Users can switch and listen to music.
- 10) Procreate Illustration - Artwork designed to display a creative piece for the portfolio.
